EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Amir Rohani on 9/20/2006.

The application has been amended as follows:

Claim 1, line 7: change "charged" to --charge--.

Cancel claim 7.

Cancel claim 9.

Claim 10, line 6: change "cell" to --element--.

Allowable Subject Matter

Claims 1-6, 8, and 10 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1-6, 8, and 10 are neither anticipated nor made obvious by the prior art of record.

In regard to claim 1, the prior art of record fails to disclose a charge division arrangement having an array of elements arranged in rows and columns wherein some of the elements are arranged in a charge division unit having a first element and a second element in adjacent columns and being communicable at least temporarily so that charge introduced into the first

Art Unit: 2878

element is divided between the first element and the second element, the charge division unit being arranged to produce divided charge for production at the output.

In regard to claim 10, the prior art of record fails to disclose a CCD imager device having an array of elements arranged in rows and columns arranged to operate in an image mode or a charge division mode, in the image mode elements in adjacent columns are separated by barriers and in the charge division mode at least some of the elements in adjacent columns are communicable such that charge in one element is divided between that element and an element in an adjacent column.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian J. Livedalen whose telephone number is (571) 272-2715. The examiner can normally be reached on 8:30 am to 5:00 pm.
